StoColor Metallic ist eine metallisierende, hochwiderstandsfähige Dekorbeschichtung auf Reinacrylatbasis. Sie ermöglicht anstrich-technisch eine metallische Oberflächenwirkung und ist für viele Untergründe im Außen- und Innenbereich geeignet.

StoColor Metallic is a metallising, highly durable decorative coating on a pure acrylate base. It produces a metallic surface finish and is suitable for many substrates, both indoors and outdoors.

StoColor Metallic est un revêtement décoratif métallisé à haute résistance à base d'acrylate pur. Il permet d'obtenir un effet de surface métallisé et convient pour de nombreux supports en extérieur comme en intérieur.
